Check the facts and start saving today with a Blackhawk Engine+ Upgrade.

01

SAVE AN AVERAGE OF **\$360,000**

SAVE 45 CENTS PER
NAUTICAL MILE FLOWN

That's the operating cost savings compared to stock Caravan engines, adding up to an annual \$36,000 savings when flying an average of 60,000 NM per year (an average of \$360,000 saved before overhaul based on 4,000 hr TBO).

02

COVERAGE THROUGH THE **4,000** HOUR

LOWER MAINTENANCE COSTS
& INCREASED RELIABILITY

P&WC New Engine Enhanced Warranty 1,000 Hours, No Calendar Limit with Limited Coverage on Primary Parts through the 4,000 Hour TBO

03

BASE **TBO** EXTENDED BY **400** HOURS

REDUCED HOT SECTION
INSPECTION & OVERHAUL BUDGET

Base TBO is extended by 400 hours reducing engine operating costs and delaying the expense of overhaul by about a year.

04

STRONGEST RESALE VALUE

THE STRONGEST RESALE VALUE
OF ANY ENGINE UPGRADE ON THE
MARKET, INCLUDING OVERHAUL

Engines are an aircraft's primary value center. Engine upgrade investments result in faster sales and superior resale value compared to overhauled engines. Plus, customizing your existing aircraft brings more value than buying new.
